## A Note from our Associate Pastor

Church Family,

It's summer! Kids are out of school, the flowers are in bloom, camps are starting, vacations are beginning, and the weather will get hot! It's that time of year to sometimes try something new. Maybe you'll travel and see something you've never seen, or do something for the first time.

It's also a good time to get outdoors. I know some people don't like the outdoors as much, or maybe they can't be outdoors for very long. If you are able, I would encourage you to get some fresh air, take notice of God's creation, and spend some time reflecting on the God of the universe. If you're not able to make it outside for long, find a window and look at nature through that window.

Take some time to enjoy the pleasures of nature that God gives us each day as the sun rises. His beauty is manifested in His creation all around us. Praise the Lord He shares this with us and lives within us! The Son is always ever present in our lives when we know Him because He knows us. Colossians 1:16: *"For by him all things were created, in heaven and on earth, visible and invisible, whether thrones or dominions or rulers or authorities- all things were created through him and for him"* (ESV).

### Resound Report

The Resound Network collaboration is moving forward! We have already completed phase one of the six phase process which was to **Explore** the possibilities. We are currently in the **Discover** phase which will include surveys of our attenders and people in the community. To get the clearest picture of our church, all attenders need to complete the survey.

Please plan to participate and share your views! This will help us to discover why we are here, where we are now, and what we need to do to fulfill our purpose. Additional components of the Discover phase include surveys of ministry leaders, and reviews of trends in finances, our constitution, and our bylaws.

The remaining phases will be:

**Present**-share the information from the Discover phase;

**Recommend**-the Resound Network develops recommendations;

**Affirm**-recommendations shared with church;

Church Decision-discuss and determine whether the recommended plan be adopted or not and;

**Implement**-if the church commits to it, the plan is followed.

The Resound Team includes Deacons, Personnel Committee, and Church Council. You may contact anyone on the team if you have questions or input. There are copies of the Resound Network Process in the foyer if you care to look it over.

### The Music Minister Search

Committee continues to search. They are trying to make more personal and local contacts. If you know of someone who might be interested please encourage them to apply. They can find information on the website ([hamiltonstreet.org](http://hamiltonstreet.org)) under the Employment tab.

Recently there has been information in the bulletin about the adult Small Groups. We wanted to be certain that people knew what their options were. But there are five energetic children's classes, a middle school group, and a senior high group as well!

As a parent, it's an awesome responsibility to teach children about God. HSBC is happy to support you in that effort with age-appropriate curriculum, colorful teaching materials, and gifted teachers. Feel free to sit in class to see what classes are like and help your child get settled.

There are at least two adults in each classroom. All teachers and assistants have passed background checks. Our teacher-student ratio exceeds all recommended guidelines.

If you have any questions about the children's classes, please contact me for information!

#### Farewell

Dawn Stitzer and her family will be moving to New York to be closer to her mother in June. The Stitzers have been members here at HSBC for about five years. Dawn has served as our custodian this past year. If you see Dawn around town wish her well and let her know how much we appreciated her service.

#### Mobile Food Pantry

HSBC has been involved with the Mobile Food Pantry for at least ten years. It takes a lot of workers for this ministry to be successful. To the right is part of our outside crew who pass out numbers, direct traffic, push carts, and load food into vehicles. Most of the crew above works inside at various stations to load food into carts and then push them outside to the waiting cars. If you have never helped with this ministry you might want to give it a try.

#### BSU Update ALL IN

The year has been such a good, miraculous year as the community came out of a pandemic with only a handful of students and a leadership team that went from 8 to 1 person. Now it has become a community full of life, serving and intentionally trying to create moments to share the message of Jesus. We now have over 30 involved weekly in dynamic ways. It has been miraculous in seeing others connect to God, renewing or rediscovering their faith, and just seeing these "kids" serving so many! We are so thankful for how God has blessed us with so many who support this community of missionaries at Truman! Our students have sacrificed and given so much to serve and share when it was challenging to have the conversations and inconvenient to keep showing up to try and be a voice of hope! We are so proud of them! And so so grateful for what God is doing through so many loving us from all around the planet.

Four of our students defined their faith as their own and were baptized here. Our local churches are so intentional in helping us keep making disciples, helping students re-discover their faith, or consider a relationship with Jesus for the first time! They are an active part of His mission, saving the world through Jesus. They are "ALL IN"!

We were invited to be a part of a large event to help bring healing and hope as they remembered two who had committed suicide. The event tried to help others struggling with mental health. The organizer shared later how our words of encouragement and hope moved her to tears. She later left us a card sharing how grateful she was to be reminded of the Christian love that she has seen before. We keep trying to be a voice of hope among a culture that has a lot of darkness.

Because of so much support and sacrifice from others, we were able to host two days of free food for students during finals week. We connected to so many we have not really connected with before. Several shared they wish they knew about the BSU earlier. I am so grateful that God is doing more than we could ever do ourselves and experiencing more than they expected. God is so good! ...so that no one is left behind but can have a life-changing relationship with Jesus!

Here is the link to a video of some of the students sharing about their love for Jesus! God is hearing your hearts! Know how extremely grateful we are to you all for helping us keep reaching more for God!
