### Pastor Tim Ingle - Names and Numbers

In the small town of Kyle, Texas, an unusual event happened for the second time. The goal? To gather as many people as possible with the same first name. In May this year, 706 Kyles met seeking to set a new record. How'd they do? They fell short of the record set by 2,325 Ivans from Bosnia in 2017.

Such stories show some of the funny goals that we aim for. However, as a church, our gatherings aim for something more profound than numbers. We gather for a better name, the name of Jesus. Guided by his word, we seek to glorify Jesus and make disciple-makers.

Jesus entrusts us with His mission in Matthew 28:19–20 (ESV) <sup>19</sup> *Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit,* <sup>20</sup> *teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age."*

This mission, "Go...and make disciples," remains at the heart of our community at Hamilton Street. Here are some ways we embody this mission:

Every Sunday and Wednesday we turn to God's truth so that it will transform us to be more like Jesus.

On Sunday July 21<sup>st</sup>, Mike and Megan (Daniels) Elkins will share their experiences of making disciples as missionaries in Uganda.

From July 21<sup>st</sup> to July 25<sup>th</sup>, every evening from 5:30 pm to 8:15 pm we will have the opportunity to make disciples during our Vacation Bible School (VBS).

These are just a few ways we can honor the name of Jesus by making disciple-makers. As you consider your part in this, I invite you to pray specifically for the following:

Pray that God would fill those serving with His Spirit.

Pray that we would serve with love and grace.

Pray that God would draw people to Himself and that lives would be transformed as a result.

We may not have many Kyles (or Ivans) but we can make much of the name of Jesus. Together we can fulfill Jesus's mission one disciple at a time.

### Small Group Report

I ran across an interesting quotation this week, and, as usual, didn't get the exact wording. But it was along the lines of "Don't pray for God's guidance for your path and then fail to take the first step." Who could imagine knowing what God wants for you and then not doing it! But that first step out in faith can be a little scary, or uncomfortable, or inconvenient. God offers salvation and a relationship with Him to non-Christians. Christians are to continually become more Christ-like. That's a given; we all fit in one category or the other and should know that it's God's will for each of us. But how many of us are taking the first step(s) to make it happen?

If you don't have a plan for learning more about Christ, or for becoming more Christ-like, I would suggest that Sunday morning Small Groups might be the first step. Studying God's word with a group of believers may lead to more! If you have any questions about our Sunday morning programs, or if I can help you find a group that fits, please feel free to contact me.

### Church Picnic

Our church picnic was well attended on June 2 at Jaycee Park with approximately 75 in attendance. There was a lot of good food and fellowship. A game of Pictionary followed with several participating from the group. Below are pictures from the event.

Our Thursday night Food and Fellowship group recently celebrated with Charlie and Wanda Donaldson on their 70th wedding anniversary. Come join us Thursday nights at 6:00 at Pancake City.

BSU update...high risk

Yay for summer!! It has been a really encouraging spring and ending of the semester! This means the beginning of so many things that are good that God is doing and allowing us to be a part of! Three students are going to be interns with the BSU for the next two years. That is so exciting because it means God is hearing your prayers and allowing us to grow in such a way that we can keep reaching more people with no Jesus and make disciples who make disciples...who make disciples. We had six students who stepped up to be student leaders next year. That is encouraging to see how this community is creating such a movement towards what God is about and fostering a culture that wants to do more to help reach more people their age, and beyond, with a message of Jesus. That beyond part is pretty big because that means not only students around them and friends around them who are their age, but they're also influencing and impacting their families near and far.

Because of so many like you who love and support us we were able to serve around 150 students every day for three days during their finals week and that creates such moments for our students and their friends and so many others to experience God's love through community and see that it's always been about relationship and that God always comes with a family!

That was huge! And so exciting to see sorority girls, fraternity guys, international students, athletes, and students in the arts - to see them inviting their friends and their friends. We just love how so many like you are praying for us and helping us create a place that young people want to run to, rather than away from and to consider that maybe Jesus is more than they thought.

Which then leads to such exciting things like watching one of our Nepal girls that we met a year and a half ago continue to have God place people in her life from all over and watching how that has changed her. It's a beautiful picture of how God is using everyone to get to one person, and it's all about kingdom growth and relationship and intimacy. She went with us on our Spring Break trip this year and it impacted her so much that a few weeks after Spring Break she crossed the line of faith and gave Jesus her life and is all in, alive in forgiveness, alive in love, alive in Jesus. It was so exciting this past week to get to sit with her in our home again on the couch and get to hear her journey and how everything around her has changed. It was a beautiful moment listening to her share how all her playlists and podcasts and Spotify songs and YouTube videos and everything are now worship songs and that's what she loves, and listening and going to church and trying to grow because she wants to know Jesus and the Bible more and more. It is a wonderful picture of how God used everyone to get to one girl from across the ocean and to bring her here, so that she could have a life-changing relationship with Jesus.

Another guy who grew up in a Muslim family is having more and more conversations and he's in the place where we're just trying to help him know and experience that God is love, and it is truth and love together. So it's been really exciting helping him hear and explain things like it all comes down to trusting Jesus with our lives. Your prayers are so appreciated and needed and you can just tell when people are praying! We were all worth the risk to him!

So your prayers are so helpful and we are so grateful because you are helping us to keep creating moments so that others here could for the first time in their lives — consider that maybe Jesus is more than they thought!

High risk - but ohh the return in seeing lives alive in HIM and now being about what he is about... saving the world thru His son Jesus! We were all worth the risk to him...and now we get to help more people realize it was always God who came for them himself...and His name is Jesus. BSU

#### Church Council/Business Meeting changes

Each HSBC committee should have a representative on Church Council. Check with your chairperson to make sure your committee is represented. The format for the meetings is changing a little. The chairperson should submit a written summary to the office of what your committee is doing by 5:00 on the Monday before Church Council. This will help speed up the meetings. Due to various activities, the dates for July Church Council and Business Meeting have changed. Church Council will be on July 10 with Business Meeting on July 14.
